

D2 vs D2+PALN

As compared with D2 lymphadenectomy alone, treatment with

D2 lymphadenectomy plus PAND does not improve the survival rate in curable gastric cancer.

Bursektomili vs Bursektomisiz

Bursectomy **did not provide a survival advantage** over non-bursectomy.

D2 dissection with omentectomy alone should be done as a standard surgery for resectable cT3-T4a gastric cancer.
